Sub:- Establishment of Super-Speciality at Ratlam, Madhya Pradesh.

Dear Sir,

State of Madhya Pradesh is committed to provide advance health care facilities to its citizens while developing infrastructure to create more Super-Speciality.

Bhopal, being the state Capital, has a huge patient inflow from neighboring districts with an average OPD of approximately 1500 patients per day at Government Medical College, Ratlam. But in absence of Super-Speciality facilities patients have to go out of the State or to private sector for treatment of serious ailments.

At the point, we strongly feel the need of having a Super-Speciality block in Government Medical College, Ratlam. This will help us in starting MCH & DM courses as well as improve health care facilities to patients.

We are hereby submitting a detailed proposal with gap analysis attached for your kind consideration. We request you to kindly consider the same and approve Super-Speciality block for Ratlam at the earliest.

Warm regards,
